Year

'Sing for Your Life'

Don't call it 'choir' but **social group singing**. We understand how important it is for people to get together to enjoy the delights of singing and experience melody, rhythm & harmony with your voice. Our song leaders are skilled at facilitating singing groups, regardless of people's previous experience or abilities.

We welcome everybody into the singing circle and want to give you the best time by making your life more musical.

Singing together can:

- * Reduce stress
- * Improve your mood
- * Reduce perceived pain
- * Improve breathing
- * Reduce isolation
- * Improve social bonding
- * Give you a boost &
- * Provide Joy

Term 2: May 1 to July 7th
